The Gas Saver™ logo identifies those HVAC Direct® furnaces with a fuel efficiency level of 95 AFUE or higher.

## ENERGY EFFICIENCY IS KEY...

### To controlling the cost and comfort of heating your home

As a homeowner, you try to find a balance between your family's comfort and your monthly energy costs. To meet those needs, we've developed the HVAC Direct™ brand HVM95 High-Efficiency Two-Stage, Variable-Speed Gas Furnace with up to 95% AFUE.

What should you expect from your HVAC Direct™ brand HVM95 High-Efficiency Two-Stage, Variable-Speed Gas Furnace? How about a superior combination of performance, efficiency and affordability?

That's just what you'll get with HVAC Direct.

### Precise room-to-room temperature control

HVAC Direct™ HVM95 High-Efficiency Gas Furnace with two-stage heating and a variable speed circulating blower provides a total comfort home-heating alternative – efficiently and economically. This furnace's variable-speed circulating blower reduces operating costs and advances home comfort by reducing temperature swings and air stratification from floor to ceiling. Unlike standard furnaces that run "all on" or "all off," a HVAC Direct™ brand variable-speed furnace typically runs 90% of the time in the low-heat capacity on most days, but when the weather is very cold, ramps up to high-heat capacity so that your family stays warm and snug.

### Quiet Operation

The components of your HVAC Direct™ HVM95 Furnace including the multi-speed blower and two-stage gas valve have been specially selected to reduce the noise levels common in other furnaces without these features. Plus, we house these components in a fully insulated, heavy-gauge steel cabinet. The result... quiet comfort.

### Year Round Savings

Energy efficiency is key to controlling the cost of heating your home. The Department of Energy (DOE) established the Annual Fuel Utilization Efficiency (AFUE) system to calculate the annual operating cost of home furnaces. This HVAC Direct™ furnace's 95% AFUE rating means 95 cents of every \$1.00 of heating energy expense warms your home. Some older central heating systems rate at 60%.

AFUE, meaning only 60 cents of every \$1.00 of heating energy expense warms your home. The remaining 40 cents is lost energy—wasteful and expensive. When properly installed, your HVAC Direct™ brand High-Efficiency Furnace meets the higher standard of the Environmental Protection Agency's (EPA's) Energy Star Program.\*\*Additionally, the HVAC Direct™ brand HVM95 Furnace is designed to minimize NOx emissions, contributing to better air quality.

\*\*Energy Star ratings are dependent upon conditions beyond equipment installation. To make certain your HVAC equipment qualifies for the Energy Star designation get complete information at [www.energystar.gov](http://www.energystar.gov).

## QUALITY MANUFACTURING BACKED BY EXCEPTIONAL WARRANTIES\*

### Reliability and Longlife

The heart of any furnace is the heat exchanger. Our patented, aluminized-steel tubular heat exchanger and stainless-steel recuperative coil have been tested to industry standards.

For further safety and reliability, we also include our high-quality Silicon Nitride Igniter, the most durable igniter in the industry, that helps ensure safe start-ups and maximum igniter life. Additionally, the HVAC Direct™ brand HVM95 Furnace is designed to minimize NOx emissions, contributing to better air quality.

### Outstanding Product Warranties\*

We back our HVAC Direct™ HVM95 Dual\$aver Multi-Speed Furnace with what we believe to be one of the best warranties\* in the industry. We cover its heat exchanger with a Lifetime Heat Exchanger Limited

Warranty\* for as long as you own your home and provide a 10-Year Limited Parts Warranty\* on all remaining functional parts. Even better, if the heat exchanger fails within the first 10 years of use by the original, registered homeowner, we'll provide a replacement furnace for free!\*

For even greater peace of mind, ask your dealer or visit our web site at [www.hvacdirect.us](http://www.hvacdirect.us) for more details about HVAC Direct™ affordable Parts and Labor Extended Service Plan for your entire HVAC Direct™ brand HVAC system.†

### Additional Information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

### Impressive Features and Benefits: HVAC Direct™ Brand HVM95 VARIABLE-SPEED GAS FURNACE

- 10-Year Unit Replacement Heat Exchanger Limited Warranty\*
- Lifetime Heat Exchanger Limited Warranty\* for as long as you own your home 10-Year Parts Limited Warranty\*
- Two-Stage Gas Valve
- Durable Silicon Nitride Igniter
- Multi-Speed Blower
- Aluminized-Steel Tubular Primary
- Heat Exchanger; Stainless-Steel Secondary Heat Exchanger
- Powder-Paint Finish
- Corrosion-Resistant Vent Blower
- Electronic Ignition Control

\* To receive the 10-Year Parts Limited Warranty and Lifetime Heat Exchanger Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec. Full warranty details available at [www.hvacdirect.us](http://www.hvacdirect.us).

† Extended Service Plans not available in all states. Ask your dealer for full details.
