Environment Friendly
Air Conditioning that can reduce operating costs while increasing home comfort.

SSX14 -14 SEER

HIGH-EFFICIENCY AIR CONDITIONER

Lifetime Compressor Limited Warranty
R-410A Environmentally Friendly Refrigerant
Legendary HVAC Direct Performance and Quality
10-year parts limited warranty

* To receive the 10-year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec. Full warranty details available at www.hvacdirect.us.

...to Controlling the Cost of Air Conditioning your home.

As the owner of a high-efficiency HVAC Direct 14 SEER R-410A Air Conditioner, you have made one of the best purchasing decisions possible in the HVAC marketplace. At HVAC Direct, we strive to build heating and air conditioning equipment that offers high performance, energy efficiency, durability and an environment-complementing design.

In particular, your HVAC Direct 14 SEER Air Conditioner will provide you with reliable cooling at money-saving energy efficiency levels.*

Enduring, Efficient Performance

You can count on your HVAC Direct 14 SEER R-410A Air Conditioner to keep you cool on even the hottest summer days. The high-efficiency scroll compressor, operates in tandem with a high-efficiency coil, cooling your home effectively while saving you money on your energy bills!

Energy Efficiency is Key...

And if that's not enough, HVAC Direct goes one step further: we install a liquid-line filter dryer in every air conditioner we build. The filter dryer prevents moisture and debris from entering the compressor motor and expansion device, thus extending the life of the system. Many manufacturers leave this step out, but we've installed filter dryers in all our air conditioners since day one.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.

R-410A Refrigerant

Your new HVAC Direct 16 SEER central air conditioning system will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain Chlorine, it is more environmentally friendly than R-22 refrigerant, which is currently used in most air conditioning systems.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.

Air Conditioning Seer Ratings

"SEER" stands for Seasonal Energy Efficiency Ratio, which is a measurement of an air conditioner or heat pump's cooling energy efficiency developed by the U.S. Department of Energy. It's a simple formula: the higher the SEER of your unit, the greater its efficiency – and the lower your operating costs.

Your new HVAC Direct SSX14 R-410A Air Conditioner offers efficiencies of 14 SEER or higher, providing significant savings compared to many older units.

In fact, these units are so efficient that they meet the higher standard of the Environmental Protection Agency's Energy Star Program!

Outstanding Warranty Protection

Quiet you can count on

We know that the last thing you want to hear at night is a noisy air conditioner. So, we build our HVAC Direct 14 SEER R-410A High-Efficiency Air Conditioners with sound-dampening features that help ensure that your cooling system doesn't interfere with a good night's sleep. We install a quiet condenser fan system – an 8-pole, 850-RPM motor, a three-bladed fan, and a unique louvered sound-control top – to reduce fan-related noise.

Durable Construction

We take pride in our manufacturing and build each unit carefully. We rely on strict, quality-driven processes to build well-designed,

top-quality, thoroughly tested products, backed by the best standard and extended warranties in the industry. We leak-test every single air conditioner three separate times during the manufacturing process, and we run-test each unit before shipment.

Impressive Warranty Protection

We take extra care to build products that will last for years to come. And we're so confident in the durability of our products that we protect with some of the best warranties in the business.*

For even greater peace of mind, ask about HVAC Direct an affordable Extended Parts and Labor Service Plan for your entire HVAC system.

Impressive Features and Benefits: HVAC Direct SSX14 –14 SEER R-410A REFRIGERANT High Efficiency Air Conditioner

- 10-Year Parts Limited Warranty
- A high-performance, high-efficiency scroll compressor with a Lifetime Limited Warranty
- Environmentally-friendly R-410A refrigerant
- A factory-installed in-line filter dryer, for longer system life
- A louvered cabinet made of heavy-gauge galvanized steel that protects the coil, while its appliance-quality, post-paint finish resists the effects of weather and time
- An 8-pole, 850-RPM motor; a three-bladed fan; and a unique louvered sound-control top – all of which add up to quieter system performance
- A high-efficiency condenser coil made of corrugated aluminum fins and rifled refrigeration-grade copper tubing
- An attractive new design, finished in an Architectural Gray color that complements any home environment
- Easy-access design, making the unit easy to service
- Performance certified in accordance with the Air Conditioning and Refrigeration Institute
- Compressor sound cover

* As compared to lower SEER equipment.
